June 16, 2010

The Children's Fire & Burn Fund will now be offering \$300 Grants in honor of our former President/CEO Michelle Destino-Moran, who passed away suddenly in late February of 2009. The Grants are designed to support worthy fire prevention programs in order to continue the successful mission of the Foundation to prevent the tragedies of unnecessary fire deaths and injuries, particularly as they affect children, seniors and the disadvantaged. By offering such Grants, we believe that, as a Grant Recipient, you will now more easily be able to tailor your fire safety programs to your specific needs and requirements.

As an option, because the Foundation is a 501© 3 charity, we can offer these Kidde Battery-Operated Alarms at our cost, with free shipping directly to you for orders of \$1000 or more.

- Kidde Basic Smoke Alarm, Model i9040.
(Part #0914, \$4.06/Unit).
- Kidde Dual Ionization and Photoelectric Sensor Smoke Alarm, Model PI9000.
(Part #442007, \$17.88/Unit).
- Kidde Combination Smoke/Carbon Monoxide Alarm, Model KN-COSM-B – Talking Alarm.
(Part #900-0102, \$33.40/Unit).

Kidde requires prepayment at the time of shipment (prices are subject to change). If you wish, your Grant may be applied to the purchase of the smoke alarms. Please contact the Foundation for more information.

Daniel M Moran, President/CEO

Basic Smoke Alarm.

Dual Ionization and Photoelectric Sensor Smoke Alarm.

Dual Smoke/Carbon Monoxide Alarm.

The Independent Charities Seal of Excellence demonstrate on an annual basis and after a rigorous independent review the Children's Fire & Burn Fund meets the highest standards of public accountability, program effectiveness, and cost effectiveness. Of the 1,000,000 charities operating in the United States today it is estimated that fewer than 50,000, or 5 %, meet or exceed these standards, and, of those, fewer than 2,000 have been awarded this Seal

"Smoke Alarms For Every Home."

National S.A.F.E. Home Foundation Inc. / Children's Fire & Burn Fund Grant Request Form

The Children's Fire & Burn Fund will provide support when applicable to various fire prevention programs and fire related issues.

Please provide the following information about your organization and its specific needs and the number of families it will impact in detail.

(Example: a \$300 grant would provide smoke alarms and /or batteries for how many families?)

(Additional Attachment As Necessary).

The undersigned affirms that support provided will be used exclusively for the purpose intended and proof of purchase will be provided (Copies of smoke alarms or batteries invoice) and when applicable media coverage and photos.
